I just wanted to give you an update on the response we are receiving from our ad in your magazine. So far both of our locations are receiving a very good return rate. Most of the customers are new to our facility which is what we were hoping to accomplish. The bright spot has definitely been in the internet exposure through the kfmb.com affiliation. We have been receiving many coupons that customers have printed out and our hits on our own web site www.aquaclean-carwash.com have also increased. Now when you Google (Aqua Clean Car Wash) it takes you directly to the Get One Free ad.

Thanks for convincing me to be part of your great magazine.
