To Noah and Get 1 Free Magazine,

I would like to say thank you to Get 1 Free Magazine for bringing plenty of business to our door. I can't believe I almost threw in the towel after two months. Here we are six months later and our phone is ringing regularly with Get 1 Free customers!

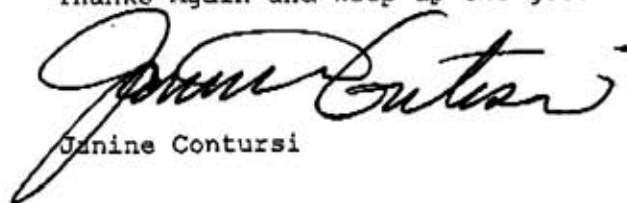

The staff at the magazine has been terrific to work with. Other than a minor accounting challenge they have been a dream.

We would also like to thank you Noah for always being responsive and on top of things every month.

I would recommend advertising with Get 1 Free Magazine to any businesses looking to gain more exposure- it really works!

Money well spent and a job well done.

Thanks Again and keep up the good work!
