RE: Get One Free Magazine Advertisement

To Whom It May Concern:

This letter is in reference to the advertising we have done in the Get One Free Magazine. We at Sombbrero have had our ad running consistently since February of this year and are quite satisfied with the results. In fact this past May when redemptions reached there peak, we had our highest sales ever at our El Cajon location and steady increases at our other locations.

Like many businesses we have tried many means of advertising, but we like the flexibility, creativity, and results that the Get One Free Magazine has given us.

Sincerely,

Javier Correa Jr.
General Manger
